

2023 CONFERENCE & EXHIBITION

SUSTAINABLE AND DIGITAL POWER GRIDS OF THE FUTURE

“Operation, Planning and Regulatory Perspectives”

JORDAN CIGRE NATIONAL COMMITTEE MEMBERS

شركة الكهرباء الوطنية م.ع
NATIONAL ELECTRIC POWER .CO

وزارة الطاقة والثروة المعدنية
JORDANIAN MINISTRY OF ENERGY AND MINERAL
RESOURCES

هيئة تنظيم قطاع الطاقة والمعادن
Energy & Minerals Regulatory Commission

شركة توزيع الكهرباء المساهمة العامة
ELECTRICITY DISTRIBUTION CO.

شركة الكهرباء الأردنية المساهمة العامة المحدودة
Jordan Electric Power Company

كهرباء إربد
Irbid Electricity

شركة السمرات لتوليد الكهرباء
Samra Electric Power Co. SEPCO

شركة توليد الكهرباء المركزية م.ع
Central Electricity Generation Co.

غرفة صناعة عمان
AMMAN CHAMBER OF INDUSTRY

نقابة المهندسين الأردنيين
Jordan Engineers Association

Jerusalem District Electricity Co.Ltd.

البتواس العربية
Arab Potash

Hitachi Energy

ELICO ABB

JORDAN CIGRE NATIONAL COMMITTEE (JCNC)
Hashemite Kingdom of Jordan – Dead Sea
22-23 November, 2023

WELCOME
TO THE 5TH CIGRE JORDAN CONFERENCE & EXHIBITION

As is believed that you are interested in Energy & Power Systems Sector; Thus, it is such an extraordinary opportunity to present within such valuable event.

**THIS YEAR'S THEME IS;
SUSTAINABLE AND DIGITAL POWER GRIDS OF THE FUTURE**

“OPERATION, PLANNING AND REGULATORY PERSPECTIVES”

With a focus on more than 40 innovative research papers, alongside with an array of showcases highlighting real-world applications and success stories from the energy and electric utilities sector.

Many nationally and internationally renowned speakers and decision makers have already confirmed their participation.

This event will bring together the key players in the Energy & Electric Power Sector: i.e.: CIGRE community around the globe, business leaders, system operators, manufacturers & technology leaders, engineers, policy makers, regulators, academics, researchers & students.

ABOUT THE EXHIBITION;,,,,

As lot of sponsors and participants are leading the relevant exhibition; be our valuable guest to foresee where the energy world heading to.

The Technical Program is diversified, up-to-date, & modern to enable best future energy topics; however, it includes vast topics of:

- Energy Transition: Digitalization, Automation in Future Power Systems, Smart Grid.
- Power-to-X: Hydrogen paving the way, E-Mobility.
- De-Carbonized Power System.
- Resilience of Future Power Networks
- Renewable Energy, Distributed Energy Resources (DER), Integration & Penetration, Micro-Grid, & Off-Grid Systems.
- Role of large-scale Energy Storage facilities
- Green Energy Revolution.
- Metaverse in Energy Sector: Big-Data, Artificial Intelligence, IoT & Machine-Learning, & Block-Chain.
- Cybersecurity in the Grid.
- The intelligent monitoring, control, protection, and communication.
- The regional and global interconnected power systems, outlook at the revolution of electricity markets and energy trading.
- The Power electronics-based transmission controllers.
- Power Systems - Modern Reliability & Stability means.
- Demand Side Management role in Future Power System.

cigre **22,23** NOV.
Jordan **2023**

 **DEAD SEA MÖVENPICK**

REGISTRATION FEES

- A. **USD 210 [JOD 150]:** for Utilities and Companies who are members in Cigre Jordan
- B. **USD 350 [JOD 250]:** for utilities and companies who are NOT members in Cigre Jordan
- C. **USD 150 [JOD 105]:** for attending each of workshops
- D. Exemption is applicable for First Author of The Paper Only.

Be Our Elite Event Sponsor!

Join us as a key partner in shaping the future of Energy. Your sponsorship will not only elevate your brand but also contribute to the advancement of our research & industry. For registration and explore the tailored sponsorship packages and benefits, follow the link www.cigre.org.jo/conference
